

**Amendment to the Specification:**

Please amend the paragraph at page 8, at line 28, to add a closing quotation mark, as follows:

In a preferred embodiment, photographic papers and/or pressure sensitive copying papers are excluded from the scope of the present invention. The term “excluding photographic papers” should be interpreted in the sense that none of the layers of the curtain used in the practice of the present invention comprise silver compounds. The term “excluding pressure sensitive copying papers” should be interpreted in the sense that the layers of the curtain do not contain a combination of a microencapsulated color former and a color developer in a single layer or in different layers.
